# Bone Marrow Biopsy Order Panel

## *Ordering Panel*

1. From within an Encounter, click **ADD ORDER** in the Visit Taskbar.

2. Search for the panel.

3. In the Order Search window, select the **BONE MARROW BIOPSY ORDER PANEL.**
4. Click **Accept.**

5. The **BONE MARROW BIOPSY ORDER PANEL** automatically opens and displays at the bottom-right side of your screen in your orders "shopping cart".

6. Some orders are pre-checked by default but can be unchecked in the event they are not needed by simply clicking the checkbox to next to the order.

7. Complete the details and hard stops within each order including expected dates for each lab.
8. For the **Clinic Procedure Appointment Request**:
    a. Designate an estimated **Expected Date** for the procedure

    b. Within the **Scheduling Instructions** field, indicate an expected date range for when the Bone Marrow Biopsy should be scheduled. This may be done by replacing the default text and wildcard (***) with the date range.

9. Click **Accept** and **Sign Orders** if you are ready to order the panel.

*Saving the Panel to Personal Preference List*

1. Order the **Bone Marrow Biopsy Order Panel**.
2. Hover over the panel within your "shopping cart" and click the hollow star icon.

3. Customize the panel:
    a. **Display Name**: how the panel will appear within your preference list
    b. **Pref List:** Select which preference list you would like the panel. **ORDER PANELS** is an option.
    c. **Section**: Identify which section within the preference list the panel should reside.
    d. Compose the details of each order including lab and Clinic Procedure Appointment Request Expected Dates.
    e. Click **Accept.**
